Sommario/riassunto	Twenty-First Century Intelligence collects the thinking of some of the foremost experts on the future of intelligence in our new century. The essays contained in this volume are set against the backdrop of the transforming events of the September 11 terrorist attacks. Intelligence plays a central and highly visible role in the global war on terror, and in new doctrines of global pre-emption of threats. Yet the challenges for intelligence services are great as the twenty-first century unfolds. This collection will inform and stimulate new thinking about the current strengths and.
