Sommario/riassunto	"Minamoto no Yoshitsune falls out of favor with his brother, the Shogun Minamoto no Yoritomo, and escapes with his followers to Mutsu Province, disguised as priests. They head for a temple called Todaiji (a local branch of the Todaiji Temple in Nara), but are stopped along the way by a suspicious guard. The recitation of a fake letter of intent by Yoshitsune's companion Benkei, which convinces the guard to let them pass, is the main highlight of the play."--Wikipedia.
